

Dear Curtain Players Family and Patrons:

We continue to share your concerns regarding COVID-19 and want to assure you that your health and safety remain important to us. We have implemented an increased vigilance regarding the frequency and thoroughness of sanitizing high-traffic areas of our playhouse such as door handles, counters and restrooms. Thank you for assisting us with keeping everyone healthy and safe by wearing a mask while in our playhouse.

Please assist us during this health concern by following CDC guidelines and, if you have symptoms, please contact our reservationist immediately to exchange your tickets for another performance.

Please note: No scheduled performances have been cancelled. Please email me at [president@curtainplayers.org](mailto:president@curtainplayers.org) if you have any questions.

Sincerely,

Heather Schultz

Board President

Curtain Players
